

USER CAN REGISTER BY ENTERING USERNAME, PASSWORD AND EMAIL ID

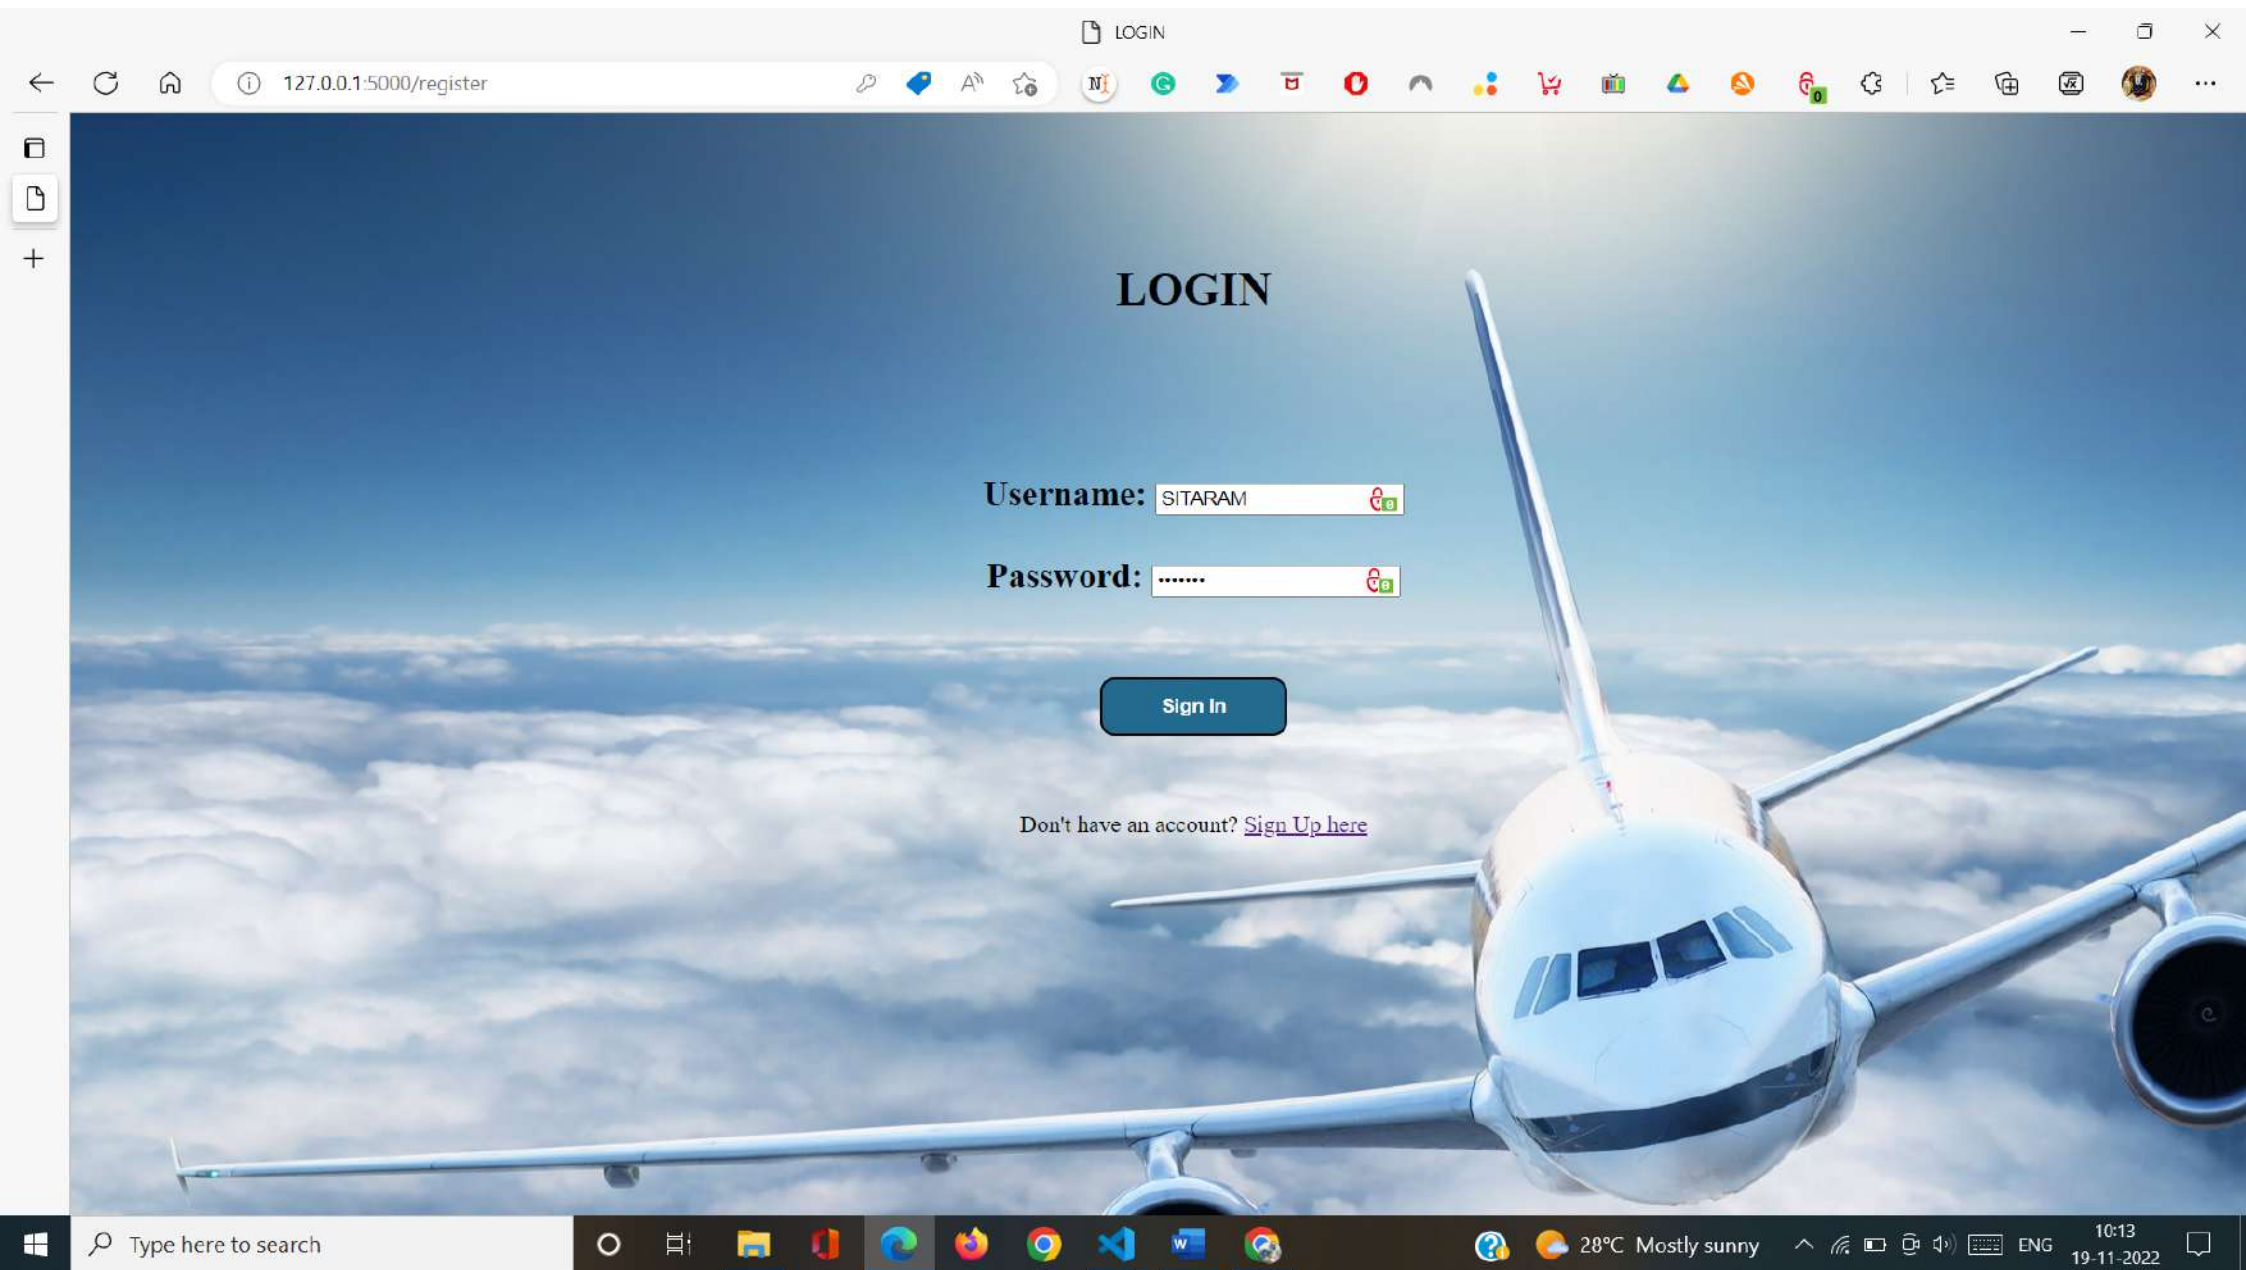

The screenshot shows a web browser window with the address bar displaying "127.0.0.1:5000/register". The page has a background image of a cloudy sky. The registration form is centered and contains the following fields and elements:

- Register** (Section Header)
- Username:** Input field containing "SITARAM" with a red lock icon on the right.
- Password:** Input field containing "....." with a red eye icon on the right.
- Email:** Input field containing "sitar@gmail.com" with a red lock icon on the right.
- Sign Up** (Button)
- Already have an account? [Sign In here](#)
- ~~[Predict without logging in](#)~~ (Link crossed out with a black 'X')

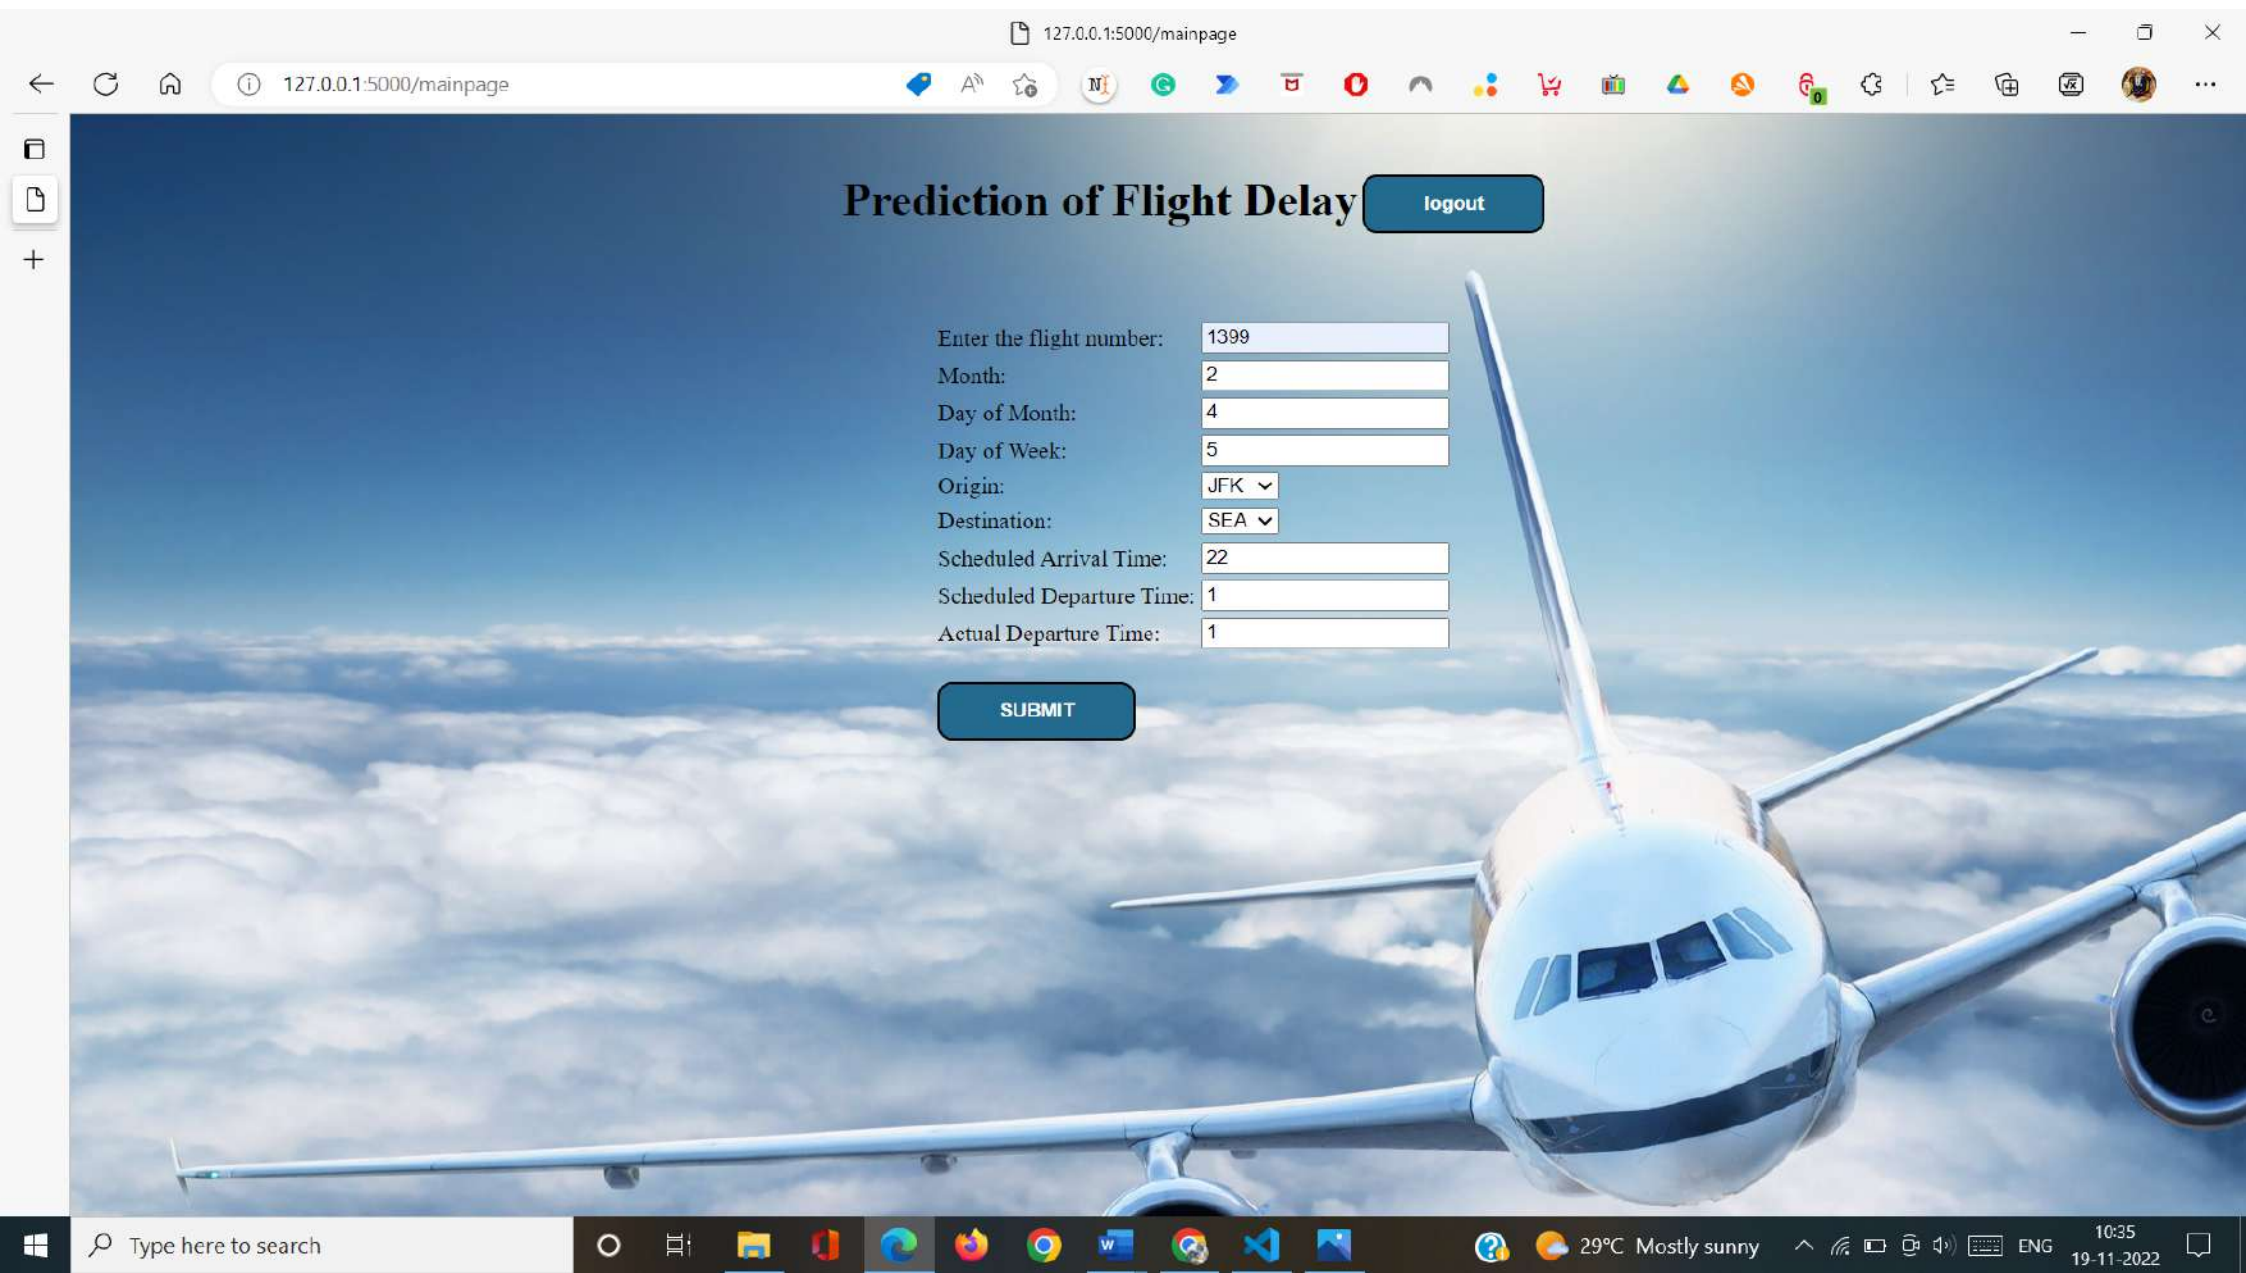

The Windows taskbar is visible at the bottom, showing the search bar, task view button, and several application icons. The system tray on the right shows the date and time as "10:12 19-11-2022".
